# Alexandria Gazette 1878 GREAT 1878 TO THE NORTH, WEST & SOUTHWEST. DOUBLE TRACK, DOUBLE TRACK, DOUBLE TRACK,

FRIDAY EVENING, SEPTEMBER 6, 1878.

RUSSIAN MARRIED LIFE.-Russians make good husbands, according to their own ideas of good-that is, they are indolent, good tempered, and not jealous; but in the higher classes they are incorrigible flirts, and in the lower classes they drink, and, being drunk, settle all connubial differences by blows. It is a common sight in a village to see a mujick cuffing his wife with might and main; nor do her howls bring any of her own sex to her assistance. It seems to be admitted among all but the upper classes that a man has a full right to beat his wife, and she gets no sympathy whether she vociferates or hits back.

In case of flagrant infidelity a Russian may hare his wife, and

have his wife put in prison for a year, and if she be not of noble blood or of a priest's family, he may have her once flogged besides; but this prerogative is more honored in the breach than in the observance. Women have no counterholds over their husbands, and herein appears the oriental view still prevailing in the empire as to the escendency of the strong sex. A husband may appear as a witness in a lawsuit against his wife, but a wife is not heard against her husband; a man may oblige his wife to work for him, but a wife cannot sue her husband even for necessaries, and she has no redress if he deserts her.

THE BLEPHANT IN FRREDOM .- G. P. Sanderson, the officer in charge of the English elephant catching establishment in Mysore, says that elephants travel in herds and in strict Indian file. When a calf is born, the herd remains with the mother two days; the calf is then able to march and can cross rivers and climb hills with the assistance of its dam. They are fine swimmers. Mr. Sanderson says that a herd of seventy-nine, which he sent across the country, had the Ganges and several of its large tidal branches to cross. In the longest swim they were six hours without touching bottom. After a rest on a sand bank they completed the swim in three more. Not one was lost. Twice around an elephant's foot is said to be his hight, and generally this measurement is correct. Their size is generally exaggerated. The largest Mr. Sanderson ever saw was nine feet ten inches high at the shoulder.

ICE CREAM, SODA WATER, &c.

#### ICE CREAM.

My Ice Cream Manufactory, one of the largest in Virginia, still continues to supply private customers, Sunday schools, excursions, pienics, fairs, festivals and associations, as well as the trade, with that SUPERIOR CREAM that has made a name in this community, and is known everywhere as BRENGLE'S ICK CREAM. I could easily reduce its price by lowering its quality, but good cream, of fresh, pure, wholesome ingredients, cannot be furnished at a less price than I serve it. Of course, I could "grade my cream by the price," but my cream would lose the good name that years of fair dealing have won for it. I ask that persons abroad ordering "Brengle's Cream" from third parties will assure themselves that the cream sent is certainly from my establishment. I warrant my cream, and do not wish that inferior cream, sent out as mine, may injure its reputation. It is my aim to furnish the BEST CREAM IN AMERICA, and my customers are satisfied that I do so. je 3-tr HENRY BRENGLE.
